

INTERNATIONAL LIVER TRANSPLANTATION SOCIETY
The knowledge network for liver transplantation

President's Message

Dear ##[Name I First]##,

I hope this message finds you well.

With just one week remaining until the 2025 ILTS Annual Congress, I eagerly look forward to welcoming you all in vibrant Singapore. This year's congress program spans 4 full days and is packed with high-quality science, cutting-edge research, and interactive workshops, including our new **Business Practice in Liver Transplantation Workshop**, developed in partnership with the Singapore School of Business. Check out the comprehensive program details [here](#).

I wish to express my heartfelt gratitude to Dr. Valeria Mas, Dr. Alfred Kow, and the committed team behind the Congress Program for their remarkable work in crafting a truly cutting-edge program.

The conclusion of the Congress also marks the end of my presidency. It is with deep gratitude that I acknowledge the Executive Committee and Council at ILTS for their tremendous support throughout my tenure. I am confident that Dr. Valeria Mas will lead the Society with distinction, supported by the newly elected President-Elect, Dr. Wojtek Pollak, Treasurer Dr. Jim Pomposelli, and Secretary Dr. François Durand.

I look forward to welcoming you in person for one of the most anticipated meetings of the year.

Warm regards,
Nazia Selzner, MD, PhD
ILTS President
